SERVING TEMPERATURE 8°C-10°C/45°F-50°F

**Did you know?** Calligraphic and pictographic evidence dating back to ancient Egypt (3100 BC-332 BC) confirms that man had already noticed fermentation in wine but was at a loss to explain it. It wasn't until the end of the 19th century that understanding and control of sparkling wine improved through scientific progress in chemistry.
